Born in Suzzara (MN), Italy, in 1968. Andrea graduated with a degree in economics and business administration from University of Pavia. He is “Dottore commercialista” (Italian CPA) and listed in the Italian Register of Auditors, held by the Ministry of Economic and Finance.

He joined Axis in 1995. His main tasks include statutory auditing of separate and consolidated financial statements of holdings, international group and listed companies, both in Italian GAAP and in IFRS. He gained experience working with primary national and international companies operating in different sectors such as, for example: manufacturing, building, commerce, financial and rental services.

Andrea held important positions in due diligence projects, M&A, IFRS transition, internal auditing, risk assessment and audit to support organization to adopt Organizational and Management Model pursuant D.Lgs. 231/01, management tool and training support.

Speaker at conferences on accounting standards.

Partner since 2001, he is responsible of technical area.
