Born in Reggio Emilia, Italy in 1976. Fabio graduated with a degree in economics and business administration from the University of Parma, is "Dottore commercialista" (Italian CPA) and listed in the Italian Register of Auditors, held by the Ministry of Economic and Finance.

He joined Axis in 2001, where his main tasks include statutory auditing, separate and consolidated financial statements of holdings, international groups and listed companies, both in Italian GAAP and in IAS/IFRS, in mechanical, electrical sectors, construction and steel industries and automotive.

Other relevant experience in due diligence projects, advice on corporate reporting, advice on reporting and audit of projects financed by public funds and SOX controls.

Speaker at conferences on audit and accounting standards.

Partner since 2013, he is responsible of the quality management.
