Born in Guastalla (RE), Italy, in 1976, Graziana graduated with a degree in economics and business administration from the University of Parma. She is “Dottore commercialista” (Italian CPA) and listed in the Italian Register of Auditors, held by the Ministry of Economic and Finance.

She joined Axis in 2001, where her main tasks included statutory auditing, separate and consolidated financial statements of holdings, international groups and listed companies, both Italian GAAP and IAS/IFRS. She gained experience working with primary national and international companies operating in different sectors such as, for example: manufacturing, building, commerce and shipping.

Other relevant experience in due diligence projects, M&A, advice on transition and implementation IFRS projects, management tool & training support.

Speaker at conferences on audit and accounting standards.

Partner since 2019.
